

European Federation of Pharmaceutical
Industries and Associations

IMI2

Presenter: Matthias Gottwald, Bayer

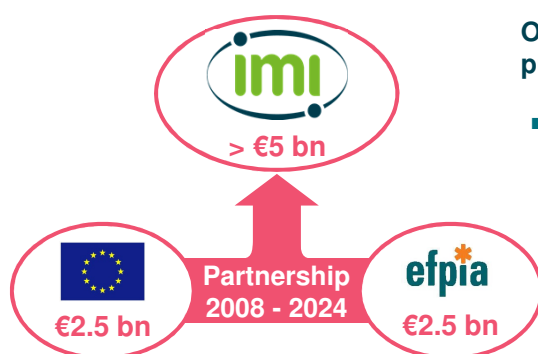

**Der IMI2-Callprozess & Möglichkeiten
zur Einreichung von Projektideen
durch Dritte, zukünftige
Ausschreibungsthemen in 2016**

IMI-Webinar zum 12. Call unter IMI2
27. März 2017

www.efpia.eu

IMI – Europe's Partnership for Health

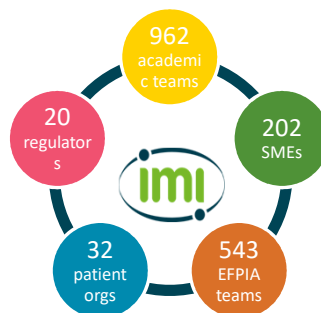

**Open collaboration in
public-private consortia to:**

- Make drug R&D processes in Europe more **innovative** and **efficient**
- Enhance Europe's **competitiveness**
- Address key **societal challenges**

IMI establishes multi-stakeholder consortia offering critical mass & diversity

IT IS ALL ABOUT NETWORKS...

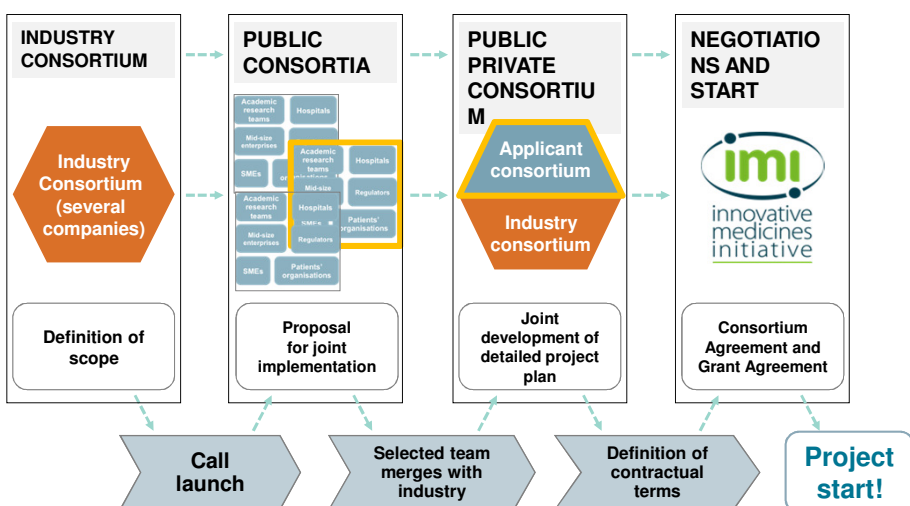

- * open collaboration on shared challenges; joint decisions
- * international cross-sector community
- * neutral broker, facilitating participation of authorities and patients

70+ consortia >7.000 researchers

▶ Addressing topics no single partner would address alone

IMI – From idea to project start

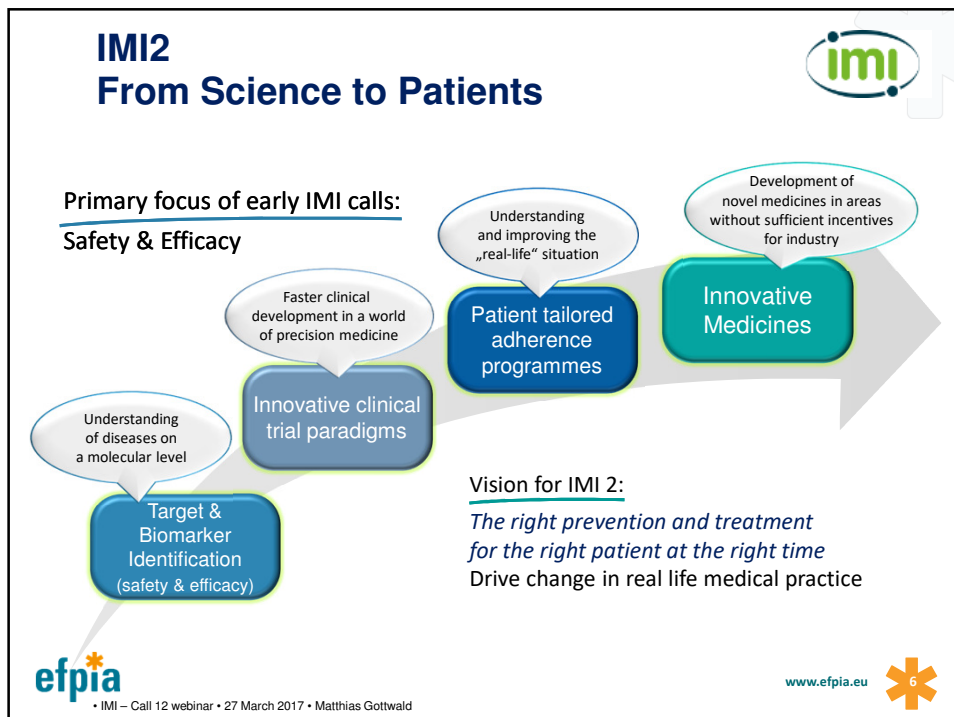

Governance of IMI projects

Reflecting the public private partnership philosophy

- **IMI – Partnership on eye level**
 - * The „**Coordinator**“ (public) is responsible for all financial and administrative tasks as defined in the IMI2 Model Grant Agreement
 - * The „**Project Leader**“ (EFPIA) is in charge of the overall scientific and action related governance in close collaboration with the coordinator
 - * Co-leadership on work package level

Continuous flow of topics

- It is expected to have ~ 2 calls per year
- Topics will come from the priority areas / Strategic Governing Groups but also address other fields in the scope of the Strategic Research Agenda
- 42 topics published since July 2014 in 10 calls
- Ideas from third parties are always welcome

Submit your ideas

- Please share ideas for potential future topics (not detailed topic texts) with us via the link on the IMI website:
 - <http://www.imi.europa.eu/content/get-involved>
- Ideas will be discussed within the IMI SGGs and the EFPIA Innovative Medicines Strategy Group
- If supported by enough companies the proposal may be used as inspiration for a call topic
- Idea submitters can apply on the new topic but have to use the same competitive call process as any other applicant

The screenshot shows the IMI website interface. On the left, there is a navigation menu with the following items: 'About IMI', 'Calls', 'Partners', 'Regulators', 'News, Events & Media', and 'Reference documents'. The 'About IMI' link is circled in red. Below the navigation menu is a 'LATEST NEWS' section with several news items. On the right side of the page, there is a 'Get involved' section with the following sub-sections: 'Become a partner in an IMI project', 'Join a project advisory board', and 'Propose an idea for a project'. The 'Propose an idea for a project' sub-section is circled in red. Below the 'Propose an idea for a project' section is a 'Join IMI' section and a 'Create your IMI - Idea submission form' section.

Continuous flow of topics – under consideration for future Calls

- Primarily topics from the SGGs
 - **Immunology** (IBD, Fibrosis, SLE, SS; e.g. epigenetics, microbiome)
 - **Diabetes/Metabolic Disorders** (e.g. Diabetic Cardiomyopathy, microbiome)
 - **Neurodegeneration** (AD, Parkinson's Disease, Pain; e.g. biomarker, blood-brain-barrier understanding)
 - **Infections Control** (AMR, Vaccines, Emerging infectious diseases)
 - **Oncology** (e.g. tumor microenvironment, immuno-oncology, big data projects in major solid tumors)
 - **Translational Safety** (e.g. Neurotoxicity, toxicities in women of childbearing age, dosing in specific populations)
 - **Data and Knowledge Management** (e.g. standards, platforms, digital solutions for better compliance)
- Details can be found in the Annual Work Plan 2017:
http://www.imi.europa.eu/sites/default/files/uploads/documents/Governance/AWP_budget_2017_v20161223.pdf
