

IMI2

Presenter: Matthias Gottwald, Bayer

Exploitation of IMI Project Results

IMI-Webinar zum 12. Call unter IMI2
27. März 2017

Exploitation of IMI project results

originally foreseen as Call 11 - postponed

* Scope

- * To ensure optimal exploitation and sustainability of key results from finished or almost completed IMI projects.

* Key Deliverables

- * Plans for the further exploitation and sustainability of results of IMI projects including clear value proposition (e.g. sustainable infrastructure, technology transfer, ...)
- * Convincing scientific and business solution for sustainability without further IMI funding
- * Measures to make the results available to the broader scientific community long-term
